A Full Time Two-Year Post Graduate Diploma Programme

at SRCC
Admission Batch XX | 2018-20

SHRI RAM COLLEGE OF COMMERCE
The Founder of Shri Ram College of Commerce was born on April 27, 1884. First son of Madan Mohan Lal and Chando Devi, Shri Ram completed his school and college education in Delhi and joined the family business DCM in 1900. In 1920 he established the Commercial Education Trust to promote business education and in 1926 the Commercial College came into being.

On its silver jubilee in 1951, this college was renamed after the founder as Shri Ram College of Commerce. SRCC remains an institution founded with a vision of fostering meaningful education in the fields of business and economics.
Chairman’s Message

The Global Business Operations (GBO) programme provides post-graduate students learning and exposure to succeed in the tough business world.

India’s economy is growing rapidly and so is India’s competitiveness. However, opening up of the economy creates many challenges and opportunities for business managers. Today, virtually every company in the world is interested in the Indian market, and the biggest issue for corporates is to get good effective people. Indians, with their sharp mind and intelligent hardworking capability, are excelling wherever they are. SRCC, as a leading educational institution in the country, is assisting the brightest students to make a successful career.

The GBO programme attracts outstanding students and provides them knowledge and technical expertise to succeed and be the best. This year too, we welcome the incoming batch to SRCC, to experience the excitement and education of the GBO programme.
The emergence of a globalised world order has offered new challenges that require new responses to business practices and operations. The Global Business Operations (GBO) Programme offers a course keeping in mind the global perspective of business where a multi-dimensional approach is a necessity.

Shri Ram College of Commerce is a pioneer institute for the study of business and economics in India. Rated as topmost business college, it attracts some of the best students from across the country. The GBO Programme was introduced as a post-graduate course in the University of Delhi, exclusively at SRCC, in 1999. It is a specialised course designed for professionals involved in the administration of international business operations. Theory sessions in the classroom are appropriately complemented by actual industry exposure. Interaction with industry is an important part of this programme and the college organises several events including the National Colloquium, an academia-industry interface. Seminars, special lectures, talks and other events are also organised to maximise the students’ exposure to the global business scenario and the changes that constantly come about across the world.

It is a pleasure to present to you this Admission Prospectus for the GBO Programme 2018-20. It is a brief account of the course, its objectives, academic requirements and the admission process. Let me also thank you for your interest in this programme and hope that you will feel motivated to take up the challenges of this course.
Coordinators’ Message

The movement towards a market oriented economy with expansive business frontiers creates new challenges. Management strategies must address themselves to the twin phenomenon of managing diversity and convergence of business operations across the world. These contemporary requirements of world trade and commerce need able human resource inputs that can understand and relate to the contemporary business environment. It is within the scenario of a new and dynamic business environment that Shri Ram College of Commerce has introduced the two-year, Post Graduate Programme in Global Business Operations. The aim of the course is to deliver quality management education for excellence in international business.

Global Business Operations (GBO) Programme’s main objective is to provide students with advanced practical expertise in areas such as Human Resource Management, Accounting and Finance, Trade, Transnational Marketing and Information Technology. The GBO Programme endeavours to combine insights from a number of different academic disciplines and functional areas. The course adopts a multiorganisational objective and in the process motivates students to appreciate the complex and rapidly changing environment. The seminars, case studies, role play, management games, quizzes and projects undertaken also emphasise this perspective.

The course has an updated curriculum which has been designed keeping in mind the requirements of industry and includes subjects such as industrial organisation and game theory, international investment management, international financial system, transnational marketing, taxation and business policy, procedures and logistics for global trade, social and ethical issues in business, international trade blocks and agreements etc.

The GBO Programme is a unique one that serves as an effective stepping stone for achievers who dream of competitive excellence in a globalised world. It is a challenge meant for a handful and assuredly promises to be a rewarding value-addition to their potentialities.
Shri Ram College of Commerce (SRCC) is a premier institution specializing in the fields of business and economics studies. Rated as a favoured destination for talented youngsters across the country, the college has been accorded an A+ Grade by the National Assessment and Accreditation Council. A constituent college of the University of Delhi, founded in 1926 by Sir Shri Ram, a leading philanthropist and businessman, the College has celebrated its 90th anniversary in this academic year, 2016-17.

Infrastructure
The college is spread over a 16-acre campus. The main building is centrally air-conditioned. All classrooms are fitted with LCD Projectors and screens. The college building has been declared a Heritage Building in 2006-07 with its art-deco architecture. A clock-tower atop a circular façade with a colonnaded verandah, the building looks distinctive in its 60-year-old redbrick splendor. The college has a seminar room, an auditorium, separate hostels for boys and girls and a cafeteria for the college community. A new 200-seater girls hostel is coming up to accommodate our outstation students.

Courses
SRCC offers B.Com (Hons.) and B.A. (Hons.) Economics at the undergraduate level, and M.Com and PG Diploma in Global Business Operations (GBO), at the post-graduate level. The GBO Programme is a unique course in the University of Delhi offered only at SRCC for the last eighteen years on international business management.

Faculty, Students, Alumni
The college faculty members are widely known for their publications. Reputed authors have carried the SRCC classroom across the country enhancing the brand of the institution. Students come from almost every region across the country, lending the diversity and inclusion that is essential for meaningful and wholesome learning. Students admitted are undoubtedly the best in their field and after their learning experience in the college have progressed to diverse areas from banking to governance, creative areas like films and fashion or academics. Prominent alumni include Mr. Arun Jaitley, Union Minister for Finance and Corporate Affairs, Justice Arjan Sikri, Justice of the Supreme Court, Mr. Analjit Singh, Max India, Mr. Pramod Bhasin, Genpact, Mr. Rajiv Memani, Ernst & Young, Mr. Rana Kapoor, Yes Bank, Mr. Rakeysh Omprakash Mehra, Mr. Gulshan Grover, Ms Nimrat Kaur, from cinema and many others.

International Conferences
SRCC has been organizing international conferences abroad through collaboration with several foreign universities. Since 2013, five International Conferences have been held at Rwanda, Kigali (Africa), Bangkok, Thailand (Assumption University), Cardiff, UK (Cardiff University), Saginaw, Michigan, US (Saginaw Valley State University) and Windhoek, Namibia (University of Namibia). The college has several international collaborative arrangements with universities abroad.
With economic liberalization and globalization, India has emerged as an integral part of the world economy. Many Indian corporations now operate abroad and several MNCs have Indian set-ups. This has created a strong demand for well-educated professionals who can go beyond managing needs of domestic business and work effectively and efficiently in differing and continually changing international environment. As a consequence, knowledge of international business operations is now an essential component in the corporate sector.

The Global Business Operations (GBO) Programme is designed to provide a thorough knowledge of global business with emphasis on the implications of international business and the specialisation required in carrying out business activities across national frontiers.

The restructured version of this course will be further strengthened with the establishment of Global Business Lab, introduction of pre and post-semester proficiency courses, global professional development seminars, study abroad opportunities (global exchange programs, global business coop programmes, SRCC volunteer abroad programmes and global community outreach programmes), foreign language proficiency, industry linkages (reciprocal visits, research projects, consultancy and knowledge transfer, design and development of new programs and work-based learning) and global accreditation.

Educational Visits

Daimler India Commercial Vehicles Pvt. Ltd., Chennai

GBO Students visited Daimler India Commercial Vehicles Pvt. Ltd., Chennai which is a leading commercial heavy vehicles manufacturing company. The Daimler plant visit covered three important sections of the plant - Vehicle assembly, Engine and Transmission. The students interacted with various operations managers and discussed topics such as shop floor management and future trends in the automotive industry.

Chennai Port Trust

A visit to Chennai Port Trust was organized in association with Indian Institute of Logistics, Chennai where students were introduced to logistics both from the perspective of conceptual understanding and choosing it as a career option, through an interactive session. Students learnt about the functions of logistics, related terminology and growth in the logistics industry globally.

The sea port visit acquainted students with the many vessels involved in transport of goods, dock operations, types of containers used for shipping and the documents and authorities handling trade. The visit was very informative as it allowed students the opportunity to practically observe the concepts studied.

Integral Coach Factory, Chennai

The Coach factory in Chennai is a colourful set-up of workshops bustling with incessant activity. Workshops range from ‘Assembly Shop’ and ‘Paint Shop’ to ‘Shell Shop’ and ‘Testing Shop’. Students walked through all the workshops in full operation and learnt about how coaches are built right from the stage of welding to readying them for tracks. The adjacent ‘Railway gallery’ and ‘Hydari Museum’ also gave a peek into Indian railways’ history.

Madras Atomic Power Station, Kancheepuram, Tamil Nadu

The tour to Madras Atomic Nuclear power station commenced with an insightful lecture on power generation from atomic energy and India’s capacity to do so from other sources. The students were then guided by officials inside the plant and the workings of the reactor, control room operations and management of the station were explained in detail through models and actual working parts of the station.

Dry Port Visit: Dadri

GBO organized a visit to the Navratna Company – Container Corporation of India Ltd.

That exposed students to the various procedures involved in logistics, export and import, connectivity of the dry port via rail and road to the major centers.

Career Resource Centre

Career management at SRCC is a vital component of the GBO programme. It is designed to provide a smooth transition from a student's life to a full-fledged career in entrepreneurship or in the corporate world.

The unique pedagogy of Global Business Operations Programme (GBO) rests in making transfer of knowledge a two-way process, where students are encouraged to actively participate in their learning rather than being passive recipients of course content. Our teaching philosophy is committed to preparing students to face real world challenges and we aspire to achieve this by through our participatory learning exercises and group activities. Not only these exercises mirror the complex decisions that managers have to make and strive to provide them with the required skill set to survive in the extremely competitive business environment of the modern world. What is more, these activities are as much fun as they are educational in nature.

Some such teaching methods central to our programme include:

- Case Studies
- Simulation Games
- Collective Group Exercises
- Experiential Exercises

Another highlight of the programme is inclusion of psychometric profiling in the curriculum. Needless to say, no two individuals are alike—we take varied approaches to work, have different responses to stressful conditions etc. A key path to knowing one's points of strengths and spaces for improvement comes through an awareness of oneself. At GBO, we believe that the business leaders of tomorrow would tremendously benefit from knowing their personality dispositions, preferences and skill sets. We conduct several psychometric assessment, feedback and counseling sessions that cater to developmental needs of the students. Students are encouraged to make full use of these sessions. The course further strengthens development of the students by establishment of Global Business Lab, introduction of pre and post-semester proficiency courses, global professional development seminars, study abroad opportunities (global exchange programmes, global business cooperative programmes, SRCC volunteer abroad programmes and global community outreach programmes), foreign language proficiency, industry linkages (reciprocal visits, research projects, consultancy and knowledge transfer, design and development of new programs and work-based learning) and global accreditation.

Special workshops are conducted which are relevant to developing overall social effectiveness in the business world. These include topics such as self-assessment, interviewing skills, project management, building corporate and interpersonal relations, vital for both entrepreneurs and executives.

The Placement Cell ensures an efficient and effective means to arrange for interactions on campus with potential employers.
